

Is Toxic Fog Being Dumped on Americans the Prelude to the Next Bioweapon Pandemic?

Globalist organizations like the [United Nations](#), [European Commission](#) and [World Economic Forum](#) have all endorsed and mandated the highest priority be given to “Zero Carbon” protocol measures stringently reducing the CO₂ greenhouse gas emissions in earth’s atmosphere by 2050. [Decarbonization](#) of the earth is the one-way ticket to suicide since all life forms on our planet, both the animal and plant kingdoms, cannot survive without carbon. Last year a peer-reviewed study led by Dr. [Jan Kubicki](#) determined that higher levels of CO₂ make zero difference in raising global temperatures, definitively proving beyond all question or doubt that increases in carbon dioxide unequivocally do not cause temperatures to rise. For decades, global elites and their puppet governments in developed nations have been pushing this now thoroughly debunked global warming hoax turned climate change “science” in order to promote their antilife “green agenda” that criminalizes carbon as the enemy of life when nothing could be further from the truth. Yet generations of environmental advocates have been brainwashed by deceitful education from primary to university level as well as the Mainstream Media.

Meanwhile, these so-called powerful globalist authorities are carrying out their dark agenda [terraforming](#) our planet through a process of [carbon sequestration](#), literally sucking essential life-enriching carbon out of our atmosphere and biosphere. This globalist powerbrokers’ ill-advised ruse in conjunction with their mandated green energy laws both serve as the elites’ [Trojan horse](#) falsely driving climate change [fanaticism](#) not because they care about the natural environment

in the least since throughout the last century they've been intentionally toxically and criminally destroying our biosphere in order to subversively establish their tyrannical control grid. Their endgame is underway now to deliberately commit premediated homicide/genocide, bent on killing off both humanity as well as virtually all life forms on our planet. Satanic transhumanists appear committed to their demonic AI robotics replacement dystopia where the earth will no longer be carbon-based but turned into barren, silicon-microchipped wasteland.

A big step in this death cult direction is the genetic human alteration scheme delivered in the form of mRNA vaccines promoted by the same Covid perpetrators as their "lifesaving" answer to their fake pandemic that scared billions to rush into receiving lethal DNA-altering mRNA cocktails, premeditatedly giving the masses Vaccine Acquired Immune Deficiency Syndrome (VAIDS) used to busily maim and kill us over this last half decade now. The agenda is to destroy humans' natural healing power derived from our healthy, God-given immune system, disabling it from capably fighting off VAIDS, turbo cancer, deadly myocarditis, blood clots, strokes and brain aneurisms. Weaponized pandemics are just another dangerous transhumanist vector deployed in recent years to murder off the global masses, particularly targeting the once prosperous, now waning Western civilization. The genocidal evidence is long past overwhelming at this late stage in the Satanists' endgame.

Last year BlackRock's Larry Fink, CEO of the world's largest investment firm, spoke at the World Economic Forum to make his matter-of-fact case for depopulating and replacing us humans in favor of transhumanism:

Social problems in substituting humans for machines will be easier in developed countries with declining populations.

Fink's misguided, coldblooded reptilian thinking embraces a world far more "efficient" in his AI robotics replacement scheme, now busily getting rid of humans who possess what he, his psychopathic shareholding ilk and their

wonder machines grossly, sorely lack – human hearts and divine souls. Fink personifies the same genocidal perps behind all wars, the pandemic death jab holocaust and collapse of economies. Their killing agenda epitomizes the ruling class wet dream, now engaging in their grand Satanic blood sacrifice of the entire human race.

Their rapidly unfolding AI robotics rollout, already past the point of no return, is designed to replace the now unwanted, unneeded “useless eating” human race. AI is an integral part of the singularity cloud enabling infusion of interdimensional, off-world dark forces being weaponized now to replace our human species as the sinister agenda of the Satanic bloodline overlords’ planetary takeover, now closing in for the final grand scale wipeout phase. Releasing increased extraterrestrial activity in Mainstream Media in conjunction with intensifying electromagnetic plasma energy emanating from the sun and cosmos are both unfolding on a parallel, unprecedented scale. At the same time these increasing frequencies are resonating to manifest as spiritual transformation and evolution of our long-hijacked species, amongst a sizeable portion of today’s human population.

Essentially, our planet appears engulfed in the frontline battleground between good and evil, currently under life and death assault from demonically possessed, genocidal hybrid killers’ Weapons of Mass Destruction arsenal. Uplifting, transcendent energies are simultaneously mobilizing in active resistance and opposition. Our enemy’s WMDs include unaffordable costs of surviving the deliberately induced global economic implosion, hyperinflation, engineered food shortages, supply chain shutdowns, tariff wars, all simultaneously activated kinetically in the World War III countdown imminently raging on three warfronts. Again, with so much orchestrated destabilization and breakdown destruction increasing by the week, it’s more than obvious that the planetary controllers are speeding up their depopulation Agenda 2030 morphed into today’s Agenda 2025.

As an overt, concrete example of how our genocidal killers are stepping up their mass slaughter over time, Health Ranger activist [Mike Adams](#) recently revealed that Dr. Jane Ruby sent him a plastic sheet covering her garden plants in West Palm Beach, Florida to be examined at Mike's ISO certified laboratory that meets international standards for testing and calibration under microscopic analysis. What Mike found was pretty alarming. The [Sunshine State](#) is among [30 other states](#) that either already passed a Clear Sky law like Florida, or is in process to ban geoengineered toxic metal aerosol sprayed by notorious government subcontractor airplanes. Mike Adams' lab just detected dangerously high levels of all the most neurotoxic metals – aluminum, barium, cadmium, mercury, copper, nickel, lead falling on Dr Ruby's garden. But in addition to all these extremely unhealthy heavy metal toxins, perhaps even more disturbing are the still unknown egg clusters rapidly replicating, spreading and growing under Mike Adams' lab conditions, incubating in warm, high humidity, dark simulation to approximate human body conditions.

Thus, Floridians are ingesting these mold-like spidery structures and clusters that have already been ruled out as natural dust pollen or fungi spores. Apparently, these specimens expanding in size may be lurking inside the lungs of millions of humans and animals. Mike Adams said they are now visible without a microscope in his lab to the naked eye. From his Wednesday April 23rd [Natural News article](#):

Mike Adams found microscopic, fern-like structures with circuit-board-like patterns in chemtrail fallout samples, magnified 1,500x, raising questions about airborne contaminants and health risks.

These ominous entities being breathed in, ingested and very likely growing inside the lungs of millions, pose an increasing danger from this latest toxic soup allegedly being sprayed in virtually every state of our nation. This strange Florida fog could also emanate offshore from ships in the Atlantic pumping out the metallic fog windblown westward into the Florida peninsula coast. Adams

speculates that the same Covid perpetrators may now be lacing and coating our skies and lungs in order to introduce their next lethal bioweapon poison as their next pandemic.

Mike Adams went on *InfoWars* on April 18th stating he is willing to do all the lab work free of charge if sent specimens by RFK Jr's Health & Human Services or any legitimate health organization that can uniformly collect samples from all 50 states to ensure internal validity control for Mike's subsequent scientific findings determining every ingredient contained in all the state samples. By the way, USDA doesn't even test for geoengineered toxic metals, so those who have been paying extra cost to consume only organically produce and meat thinking they're protecting their health from toxins are dead wrong.

Mike Adams hopes that a microbiologist can step forward to help him identify the three mysterious, replicating egglike structures discovered still growing larger in his lab. Adams speculates that powers-that-should-never-be are placing unidentified artificial replicating nanoparticle material [not unlike the kill shots masquerading as vaccines] along with known heavy levels of neurotoxic metals in sprayed airborne droplets, so tiny that humans without consent or foreknowledge are ingesting both the identified geoengineered toxins as well as the apparent inorganic, unnatural substances spreading in their lungs and bloodstream potentially carrying harmful effects on our collective health.

Even more suspicious is the timing a couple weeks ago of [Dr. Anthony Fauci](#) taken out of hiding to publicly declare to America that our next respiratory infectious pandemic is once again on its way, just as his cohort partner-in-crime Bill Gates a few years earlier warned of Covid while he and the World Economic Forum ran their Coronavirus simulation exercise at Johns Hopkins University in late October 2019, just ahead of their late 2019 preplanned Covid outbreak. These mass murderers have no shame with Fauci as their modern-day Dr. Mengele now again rubbing it in our face broadcasting to America that he and his globalist

genocidal pals have diabolically cooked up their next medical emergency pandemic no doubt straight out of their Fort Detrick biowarfare lab.

Combine this with the nonaccidental timing of the UN's [World Health Organization](#) with its #1 financier the mass murdering Bill Gates, on Wednesday April 16th the WHO passed its finalized [Pandemic Treaty](#), releasing details of its latest medical dictatorship assault against humanity. Prior to the US exit in 2026 from this unelected globalist usurper of all national sovereignty, the WHO announced its multilateral power and authority to arbitrarily declare the next global health emergency crisis, complete with all the mandates co-timed with Fauci's next predicted pandemic. The WHO has even resorted to co-opt the fictional "climate change" into another "[global health emergency](#)."

And all this is also co-timed with Department of Homeland Security's May rollout of its [Real ID agenda](#), using the false excuse of distinguishing the identity of those in the US illegally vs. those who are "real" legal citizens. It's the latest backdoor attempt to push the digital biometric ID on all Americans, soon restricting air travel to only Real ID holders. Taken together, all these draconian measures taking hold at the exact same time provide rock solid, overwhelming evidence alerting us humans that their sinister digital IDs, smart cities, CBDCs, social credit scores used to usher in their absolute human enslavement are being thrust upon us in 2025 all at once. The astute former Congressman and presidential candidate Dr. [Ron Paul](#) both informs and warns:

Passed in 2005, the REAL ID Act created federal standards for driver's licenses. The law requires everyone applying for a driver's license to provide the DMV with his social security number, proof of legal residence, and two proofs of his home address. The REAL ID Act allows the Homeland Security Department to mandate, as it sees fit, the including of addition items in the related government database, including "biometric" identifiers. Biometric identifiers include personal data such as retina scans, fingerprints, and DNA.

And right on cue, it was reported earlier this month that President Trump is warp speeding yet another self-replicating mRNA non-vaccine for the lingering H5N1 bird flu as the next fake pandemic delivering more mandated death jabs to the world yet again. Recall in Trump's very first full day back in the White House on January 21st, he invited technocrat billionaires that included Oracle's Larry Ellison selling more mRNA vaccines at his Texas clinics for whatever ails [guinea pig] Americans within 48-hours of their medical diagnosis.

Upon arrival of this next staged pandemic, Trump, his DHS and the WHO all acting in synchronized collusion are at the ready to issue more strict orders restricting our mobility with yet more face diapers, global lockdowns, more genocidal shakedowns and, as promised, even deadlier forced bioweapon kill shots in line with the elites' already overexposed depopulation agenda. Based on what we already learned from these evildoers' Covid overreach during their first pandemic go-round, it's soberingly accurate to conclude our tyrannical, lawless government(s) want an even larger segment of both US and world population to fall sick, die and be gone with their next upcoming barrage of premeditated concoctions – again deploying their trusted “problem, reaction, solution” formulaic dystopia in their latest WMD bombshells coming at us far sooner than later.
